

Senior Project Manager

Role and Responsibilities

Senior Project Manager

Location: Phoenix, AZ | Schedule: Full-time

Reports to: Vice President of Construction

About Danson Construction

Danson Construction is a family-owned GC serving Arizona communities through JOC, CMAR and Design-Build. We focus on public safety, K-12, municipal facilities and select private work. We value integrity, fairness, continuous improvement and results.

Role overview

We are seeking a seasoned **Senior Project Manager** to lead complex construction projects across Arizona. This individual will serve as the primary point of contact for owners, architects, engineers, and subcontractors, ensuring projects are delivered safely, on time, within budget, and to the highest standard of quality. The Senior Project Manager will also play a leadership role in mentoring junior team members and shaping best practices that support Danson's long-term success.

Key Responsibilities

- Lead all phases of project delivery, from preconstruction through closeout, with a focus on municipal, public safety, education, and community facility projects.
- Manage project budgets, schedules, and resources, proactively identifying risks and implementing solutions.
- Maintain open, respectful communication with owners, design professionals, and subcontractors to ensure alignment and client satisfaction.
- Provide executive-level reporting to company leadership and participate in regular project reviews.
- Oversee project documentation, including contracts, submittals, RFIs, change orders, and compliance with wage/labor regulations.
- Lead preconstruction activities in coordination with estimating, including constructability reviews, subcontractor engagement, and value engineering.
- Ensure strict adherence to safety standards and jobsite protocols.
- Mentor project engineers and assistant project managers, supporting professional growth and succession.

Qualifications

- 10+ years of progressive project management experience in commercial construction, preferably with public-sector projects.
- Proven success in managing projects ranging from \$1M to \$50M, including work in active, occupied environments.
- Strong knowledge of construction means and methods, building codes, and contract administration.

- Proficiency with project management software (Procore or similar), scheduling tools, and Microsoft Office Suite.
- Exceptional leadership, communication, and negotiation skills.
- Ability to foster collaborative relationships and represent Danson Construction with professionalism in the community.
- Bachelor's degree in Construction Management, Engineering, or a related field (or equivalent experience).

What we offer

- Competitive salary and performance-based bonus opportunities.
- Comprehensive benefits package, including medical, dental, vision, and 401(k).
- Opportunities for professional development and advancement within a growing firm.
- A supportive, family-oriented company culture where your contributions truly make an impact.

How to apply

Send your resume to Devin Fontana at dgfontana@dansonbldg.com. No phone calls, please.

EEO

Danson Construction is proud to be an equal opportunity and affirmative action employer regardless of race, color, gender, age, sexual orientation, gender identity, gender expression, religious beliefs, marital status, genetic information, national origin, disability, protected veteran status or any other basis protected by law.
